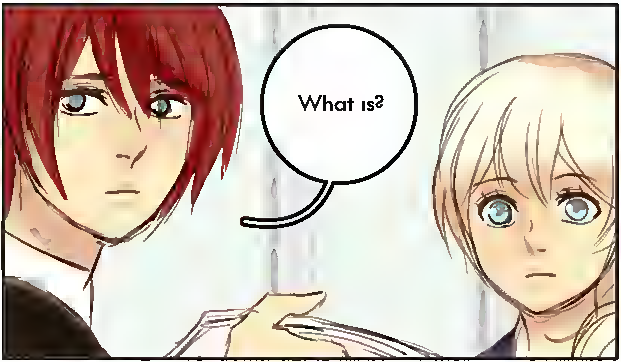
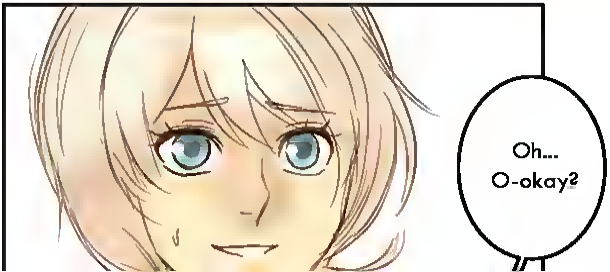
BANG!
That's the second time this week!



Some girl keeps appearing at the main gate

osking if she con see thot phony prince London.
I olreody told her she needs o visitor's pass to get in, I don't know why she insists on coming back.
Rachie! Tell that phony prince to stop inviting his girlfriends over, this is a private academy, not a love shack!



Oh...
O-okay?

It's been a few weeks that we've managed to keep our relationship a secret.

however,
so far it's
been somewhat
...un-easy.
For one thing,
we've stopped
acknowledging
each other when

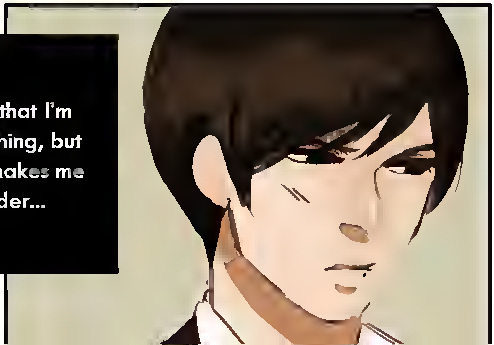
there's too mony people oround.

Our only time together is limited to when we meet at each other's dorm rooms.

But even then, we still have to be cautious of Roscoe or Rosalie walking in.

As for intimacy ...

We haven't really progressed anywhere since that one night on the roof.



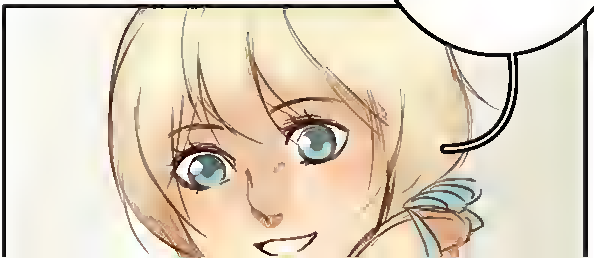
It's not that I'm complaining, but it does makes me wonder...

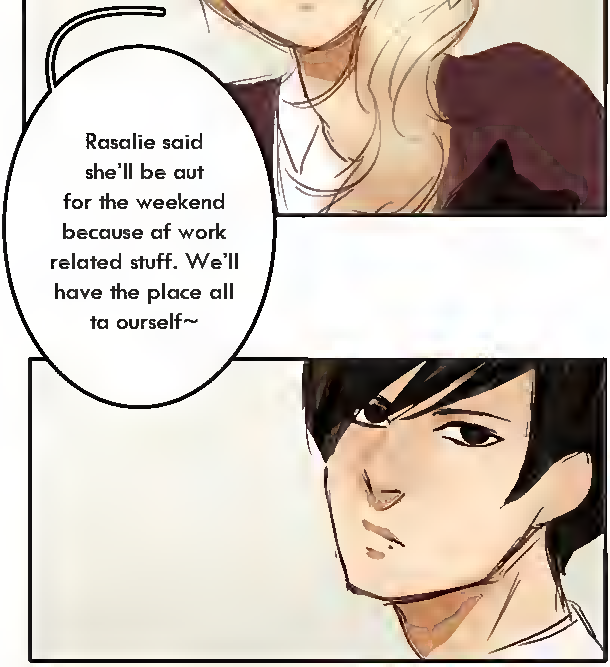
Can we reolly be considered 'boyfriend' ond 'girlfriend' like this?

Am I getting too greedy for wanting more out of this relationship?

After all,
I'm the one
who brought this
on the both
of us...

Let's meet at
my dorm again
this Saturday?





Rasalie said she'll be aut for the weekend because af work related stuff. We'll have the place all ta ourself~

You know... What you said just now can dangerously be taken out of context.
H-huh?
??

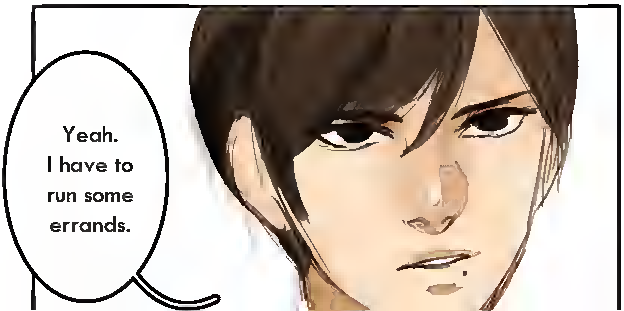
chuckles
It's nothing. Don't mind me.
But actually, I don't think I can hang out this Saturday.

Oh-- Are you going somewhere?

In the end, I've decided ta take Mari's advice and pick out a small gift far Rachelle.

However, my only problem is that I have no idea what to get her.
Dindin...?

She doesn't seem like a materialistic type of person either.



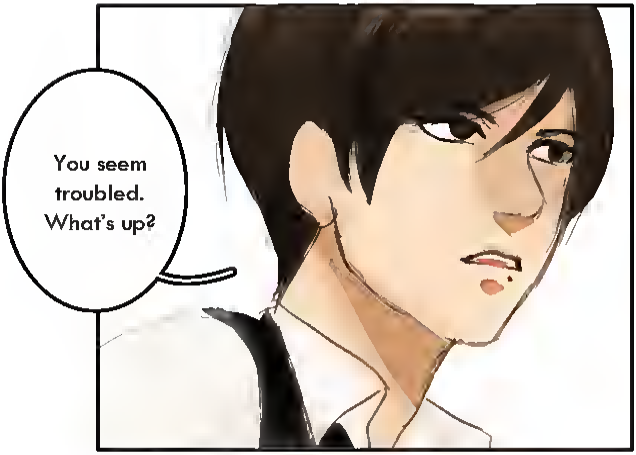
Would you like me to go with you?

It's... probably best if you don't.
Ah, r-right... people might see us. Sorry...

a girl was trying ta cantact him, right...?

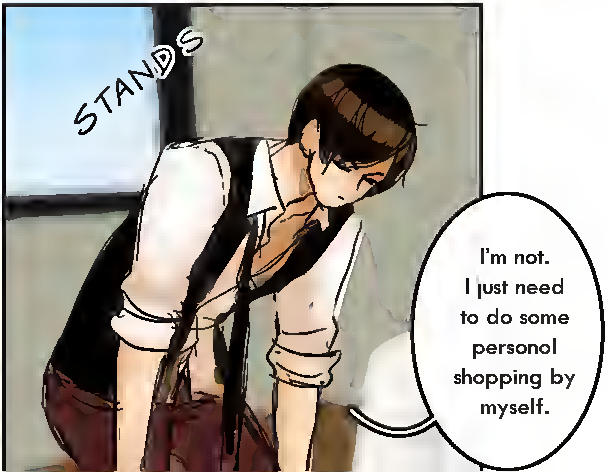
Perhaps he's meeting up with her then? W-well...she *could* be an old friend...

Snap out of it, Rachelle!
Did you just slap yourself?
What are you doing?



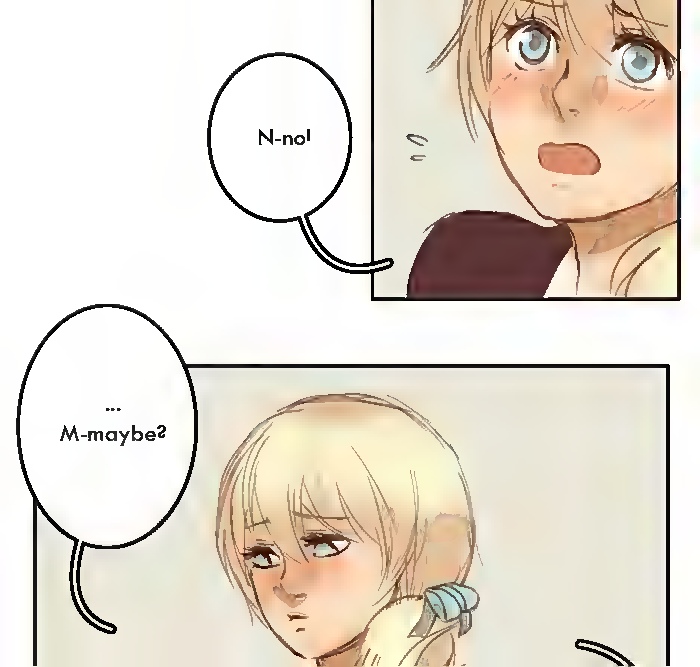
You seem troubled. What's up?

Um--
Well, that
is...
A-are you...
by chance...
meeting up
with a-another
person? A girl..
friend...?



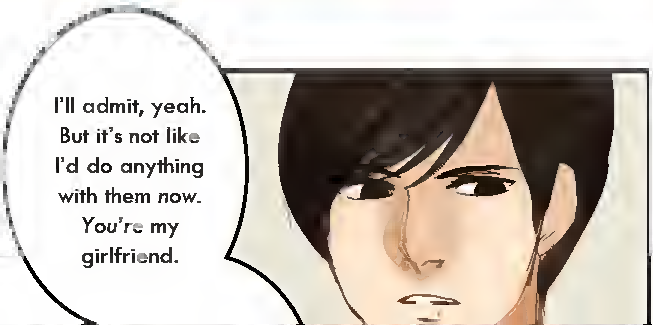
STANDS
I'm not. I just need to do some personol shopping by myself.

Why? Were you possibly making yaurself jealaus just now?



N-no!
...
M-maybe?

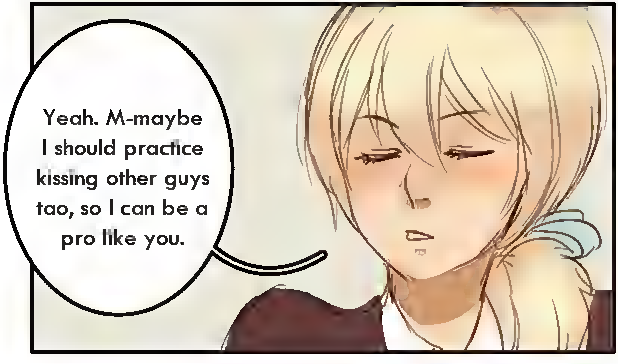
I mean... you've kissed and gone out with other girls aside from me, haven't you?



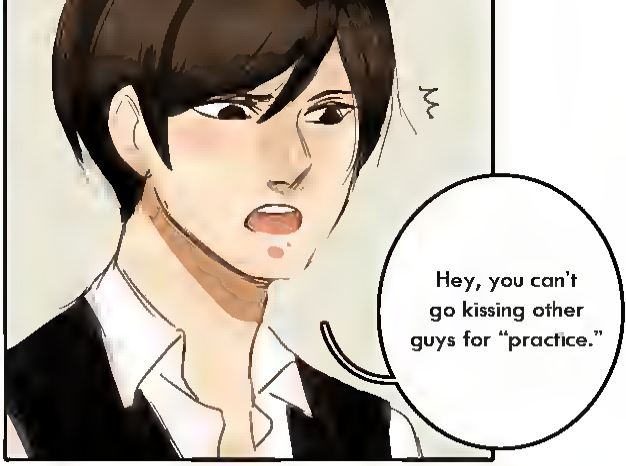
I'll admit, yeah. But it's not like I'd do anything with them *now*. You're my girlfriend.

Haven't you kissed any other guys before?
Well... I kissed a boy in my ballet class when I was a kid... but only on the cheek.

Wow. You're such a heart breaker.
Says you, pro-kisser.
"Pro-kisser?"

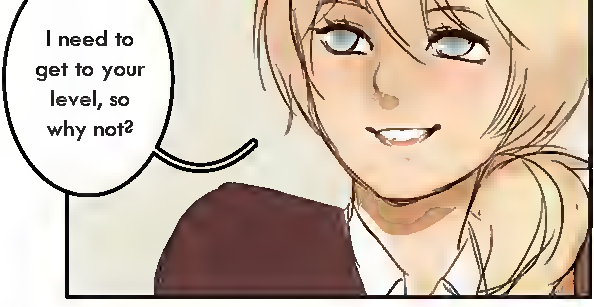


Yeah. M-maybe I should practice kissing other guys tao, so I can be a pro like you.

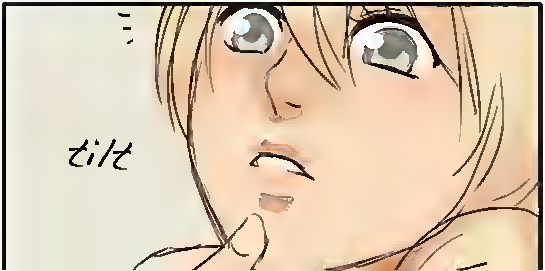


Hey, you can't go kissing other guys for "practice."

giggle

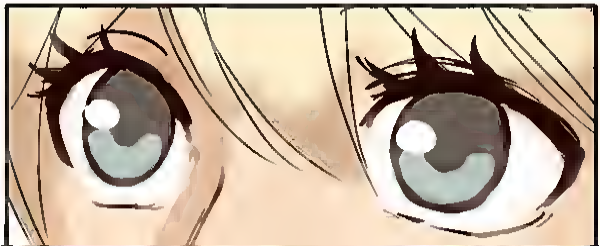


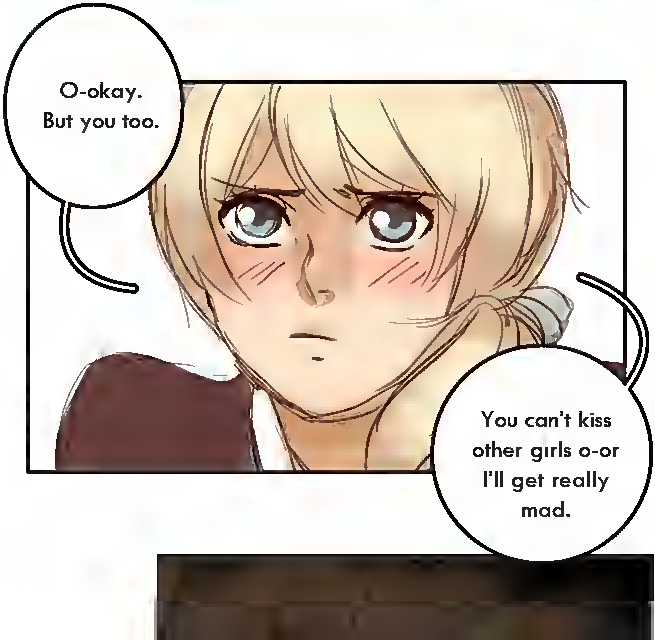
I need to get to your level, so why not?



tilt

Because I already called claim an all of your kisses.





O-okay.
But you too.
You can't kiss other girls o-or I'll get really mad.

chuckle
...
How scary. We wouldn't want that now, would we?
I'm serious!

Uh huh.
I believe
you.
Sh-shut up,
Dindin.

Okay.
